Default search page after login
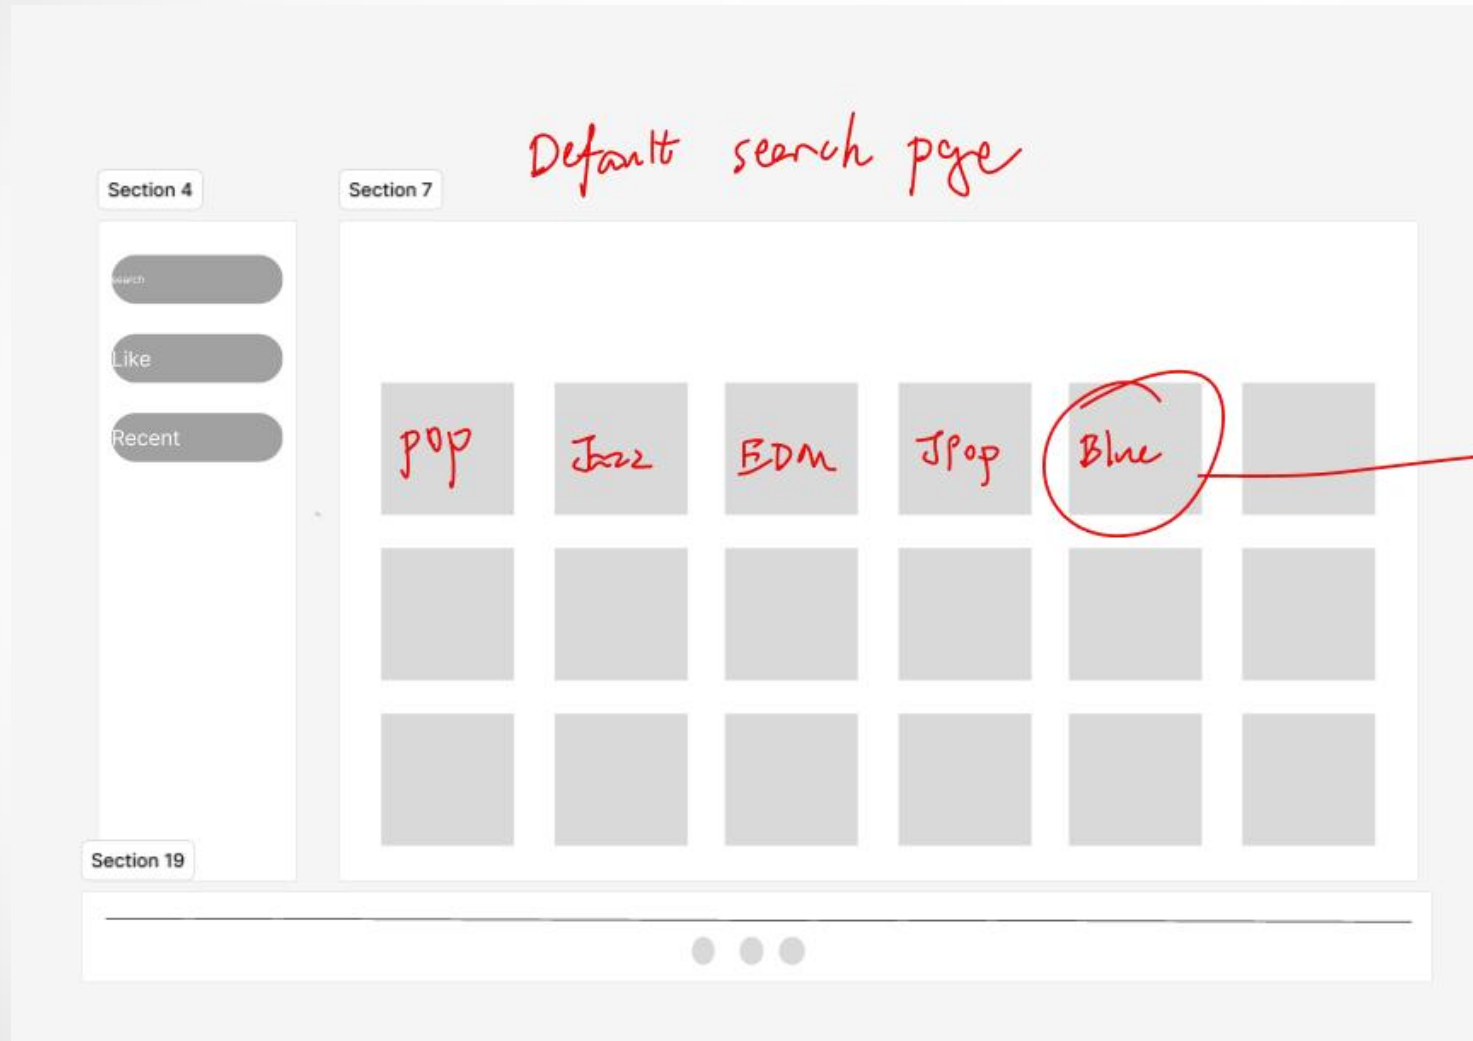

**Section 4 :** tool bar
- Search
- Like
- Recent

**Section 7 :Result Space**
**Default Mode**: Preview of categories. Clicking on them will jump to Search Result Page of the selected genre.

**Search Mode:** Gallery view appears when selecting view all in search results of artists. Each Grid will be photo of artist.
Clicking on them will jump to Artist View of the artist.

Note : 'Section' is a Figma tag, not a button.

# Search result

Feedback: Nav bar on the header

Entering contents in search bar will jump to `Search Result` page.
The page offers search results of Songs and Artists.

View All in **Songs sections** goes to the **List View** of songs.

View All in **Artists sections** goes to the **Gallery View** of artists.

Clicking on **any of songs**, either on this page or on list view, goes to the **Play View** of each song.

Clicking on **any of artists**, either on this page or on list view, goes to the **Artist view** of the artist.

Section 29

List View renders songs on a list layout.

If clicking on name of the song, it will jump to Play View of the song.

If clicking on like, the song will be recorded under user's **Like** songs.

It is also the Layout of Recent and Like page.
